

JEAN-DENIS PATET, NEUROSURGEON

Date of Birth: 22.01.1952
Nationality: French
Spoken languages: French, English

Specialties and consultation

- ⦿ Spinal surgery (cervical, thoracic, and lumbar, for all types of pathologies: malformations, tumoral, degenerative, vascular and traumatic).
- ⦿ Arthrodesis surgeries of spine (either by posterior than by anterior approach, translateral or retroperitoneal). Sometimes in case of complex surgery, combining approach with intersomatic grafting and pedicular osteosynthesis.
- ⦿ Minimal invasive surgery
- ⦿ Percutaneous treatment using laser and percutaneous discectomy with neuronavigation.
- ⦿ Radiofrequency is used in case of posterior facet arthrosis, performing thermocoagulation or rhizotomy.
- ⦿ Vertebroplasty, or kyphoplasty by percutaneous approach using 3D neuronavigation, is a common procedure in case of trauma or metastasis, or osteopenic vertebra.

Professional experience

- ⦿ Former House Surgeon of Lyon's Hospital in 1977.
- ⦿ Senior registrar in 1982.
- ⦿ Director's Assistant for the Pediatric Neurosurgery Department from 1982 to 1989.
- ⦿ Head of a Neurosurgery Department in a private hospital since 1989.
- ⦿ Head of the Spine Center in Clinique de Clinic in Switzerland, since 2005.

Education and affiliations

- ⦿ Doctor of Medicine, Thesis passed in Lyon, FRANCE, 1982.
- ⦿ Neurosurgeon qualified since 1985.
- ⦿ Graduated in medical expertise since 2000.
- ⦿ Member of the Helvetic Medical Federation since 2005.
- ⦿ Permanent member of the French Society of Neurosurgery since 1982.
- ⦿ Permanent member of the French Language Society of Neurosurgery since 1982.
- ⦿ Permanent member of the European Society of Paediatric Neurosurgery (ESPN) since 1984.
