[Single use custom made instrumentation, the future of total knee arthroplasty?](#) Spaltenstein M, et al. Rev Med Suisse. 2014. Article in French.

Handouts Presentations

Congress presentations

SSO 2009 (Geneva)

Compression of the sciatic nerve caused by a tear in the hamstring muscles

SOTS 2011 (Bratislava - Slovakia)

Lateral unicompartimental arthroplasty – single center experience and review of literature

SOTS 2011 (Bratislava)

Sonication as a new method in diagnostic of prosthetic-joint infection

SSO 2013 (Lausanne, Switzerland)

Management of Schatzker VI tibial plateau fractures with hybrid external fixation: Case series and review

EFFORT 2015 (Prague)

Surgical management of recurrent musculotendinous hamstring injury in professional athlete

SSO 2015 (Basel, Switzerland)

Proximal Tibial Anterior Closing Wedge osteotomy in Repeat Revision of Anterior Cruciate Ligament Reconstruction

SSO 2015 (Basel, Switzerland)

Outcome of a combined ACL and ALL reconstruction technique with a minimum 2-year follow-up

SSO 2015 (Basel, Switzerland)

Unicompartimental arthroplasty for knee osteoarthritis – Mea-analysis, CHUV, Lausanne

Posters

EFFORT 2010 (Madrid, Spain)

Compression of the sciatic nerve caused by a tear in the hamstring muscles

EFORT - 2014 (London, England)

Management of Schatzker VI tibial plateau fractures with hybrid external fixation: Case series and review

EFORT - 2014 (London)

Is obesity a contraindication for a unicompartmental knee arthroplasty? A retrospective case series involving twenty knees

SSO 2015 (Basel, Switzerland)

Surgical management of recurrent musculotendinous hamstring injury in professional athlete

SOFcot 2016 (Paris, France)

Discoid Lateral Meniscus In a Twelve Year Old Child. A Case Report and Review of literature

EFORT 2017 (Vienna, Austria)

Arthroscopic treatment of a displaced bucket-handle tear of medial meniscus in a 82-year-old patient

SOFcot 2018 (Paris, France)

The effect of the posterior tibial slope on the functional results of a postero-stabilized total knee prosthesis implanted using customized cutting guides according to 3D planning
